Solidro è disponibile in **tre finiture**:

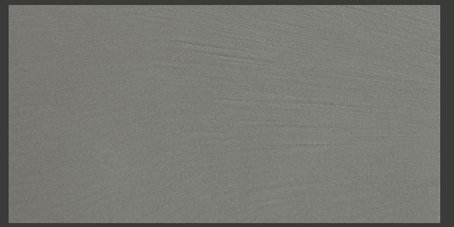

- ***Standard***, con una leggera texture che richiama il movimento della spatolatura.
- ***Extra Fine***, più liscia e uniforme grazie a un ulteriore strato di prodotto che compatta la superficie.
- ***Floated***, caratterizzata da una texture materica e in rilievo ottenuta con una speciale lavorazione a spatola. Disponibile in versione trasparente, per un effetto più discreto, o colorata, per valorizzarne il disegno.

I colori riportati in questa pagina sono solo indicativi, sarà poi l'applicatore autorizzato Ideal Work che realizzerà un campione ad hoc per poter vedere dal vivo colore e finitura.
